MEMORANDUM OF UNDERSTANDING

BETWEEN

SRIDEVI WOMEN'S ENGINEERING COLLEGE

AND

GLOBAL CONNECT (MSKOOLS)

Sridevi Women's Engineering College Vattinagulapally, Gandipet, Hyderabad, Telangana 500075 and Global Connect (further called as MSKOOLS), 4F11, 5th Floor, Ballad Estates, Tarnaka, Secunderabad, Telangana - 500017. Have signed a Memorandum of Understanding (MoU) on 08/08/2019 at Hyderabad where in College would provide a desk in its premises for counseling students. MSKOOLS would extend its expertise for benefit of the students along with Sridevi Women's Engineering College.

This MoU is initially for a period of Three Years and may be extended further with mutual consent. Amendments to the MoU may be proposed at any time but it will be valid only after approval by the Directors of both parties.

Resource Centre – The Concept

- MSKools Resource Centre in your College premises will facilitate all the guidance to your students need regarding their Training and Consulting.
- Our trained mentors would be available at your resource centre at a regular frequency to make sure your students get their queries cleared and they receive the proper guidance through MSKools.
- The plan is to bridge the gap between students in United States of America, Canada, Australia and UK Universities and students in your college. Together with you, MSKools plans to provide the platform that your students need in this regard.
- All the services and guidance that your students need will be provided to them at the college resource center so that the student does not have to run around commercial agents outside. This will ensure that they do not get cheated.
- All this guidance will be done under the College Management's approval and involvement. The students and the parents will appreciate the service that the College is providing.
- The College can project the results – the number of students and the various United States of America, Canada, Australia and UK Universities in which they have placed their students.
- This sort of positive culture will encourage students to participate in various international educational activities and learn a lot from their United States of America, Canada, Australia and UK counter parts.
- In the long run, the college will gain a lot of reputation for providing such a unique channel and platform for its students.
- MSKools will ensure that the College Management is involved in the activities too and we will provide reports too, on a regular basis.

Roles and Responsibilities of College:

- To Provide a Permanent Counseling Cabin to address the Student Queries.
- To allocate a student volunteer from the college who can co-ordinate events with us on a regular basis.
- Should provide access to interact with the students to make them aware of such a facility being available in their college.
- An event should be conducted every year, where we empower the students with Overseas Education & Its Importance.
- The MS aspirants' data has to be shared with us for decreasing the turnaround time of identifying the interested students.
- Management should allow us to affix our posters in the notice board and few other areas to spread the information regarding our Resource center.

Roles and Responsibilities of MSKools:

- Our trained mentors would be available at your resource center for three days a week i.e. Tuesday, Wednesday & Thursday to make sure your students get their queries cleared and they receive proper guidance through us.
- Will complete all the services required for the students starting from Counseling, University Discussions, Applications, Documentation, Visa Guidance etc., under the esteemed guidance of our counselors.
- Quarterly reports will be submitted to the College regarding the activities and students benefitted through the Resource center.
- Each student will be given 100% first hand information and will be sent to a genuine University without fail.
- To provide SPOC from our side to be in constant communication with the Training & Placement department.
